

National Coalition on Drift Minimization

The coalition (<http://pep.wsu.edu/ncodm/>) will be meeting August 2 and 3, 2001 in Sacramento, CA along with the ASAE meetings there. The meeting will be in the CA Dept. of Pesticide Regulations offices. Issues that are pending with the coalition are as follows: Regulatory - pending PR notice on drift label language guidance; Education - completion of educator's CD-rom of presentations and fact sheets, survey update; and Technology - best management practices for Orchard Blast Sprayers. Through the meeting of the coalition, AAPSE, the Spray Drift Task Force, and US EPA are co-sponsoring a Pesticide Spray Drift Conference for Sept. 5, 6, 2001 in Sacramento California (<http://pep.wsu.edu/ncodm/conf01.html>).
