

AAPSE Internet Link Policy

- approved by the AAPSE Executive Committee on August 14, 2003

- All requests for links from the AAPSE web site to other Internet web sites shall be viewed in accordance to this established "Internet Link" policy.
- The AAPSE Executive Committee and webmaster shall make the determination on each request if this established policy does not address the request.
- AAPSE will refer inquires to established websites of pesticide safety education programs (PSEPs) at respective universities and the websites of regulatory certification sites. Lists of these sites are available from:
 - <http://pep.wsu.edu/psp/>
 - <https://aapse.wildapricot.org/Links> and
 - <http://www.ipmcenters.org/intranet/directories/PSEPDIRECTORY.cfm>
- AAPSE shall not provide links to commercial web sites or to trade / industry organizations.
- AAPSE shall include Internet links to national and international entities that are directly related to PSEPs such as professional societies, national regulatory organizations, and national governmental sites.

Revised for accuracy (links, contacts) 02/28/18, mjlw
